Plasma / LCD Brackets

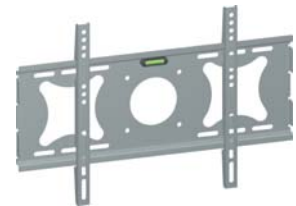

Logitek has an advanced factory using German machinery to create simple and functional brackets for flat screen televisions and mounts

Our Range Includes:

- Flat Plasma / LCD Mounting Brackets
- Articulated Arm Brackets
- Mini Brackets for Small Screens
- Projector Ceiling Mounts
- Plasma Ceiling Mounts With Swivel
- Motorised Brackets

for projectors. Employing over 500 people their advanced factory has the capacity to produce up to 300,000 brackets per month making them one of the largest manufacturers of these products worldwide. Our motorised brackets are perfect for applications where the screen is hard to reach.

Projector Mounts

Our cleverly designed ceiling mounts have adjustable height and a clean finish by utilising optional posts of varying lengths. Combine this with the adjustable projector fitting arms and you have a simple bracket which can support virtually any projector.

There are so many options in the Logitek range which will suit the needs of almost any application. Our Chinese manufacturing facility keeps costs down while still maintaining ISO9001 certification so you can be assured of the highest standards in quality every time you use a Logitek product.
