

SWAN SPEAKERS

Swan's multi award winning Diva range of loudspeakers are a perfect balance of style and substance finished in piano gloss black or a rich, dark veneer. Available in three sizes and acoustically tuned in one of the world's largest anechoic chambers there is a model to suit every home.

Listen once and you'll fall in love.

"...it's clear that if you're shopping in this price area, the Diva 5.2HT system should be on your must-audition short-list." – David Small, Sound+Image
